JOIN US FOR OUR OPEN HOUSE  
FEBRUARY 3, 2024

# Welcome

We wish to extend the warmest welcome to our friends, neighbors, and fellow cattlemen to join us for our 30th annual bull sale at the farm. The time really has flown by as we reflect on all the great sales, the laughs and the personalities that have truly blessed us with their presence. The cattle have certainly changed but our commitment to our customers is the same as it was when Mick and Deb began their Purebred Cattle journey. Our top priority has always been striving to be number 1 in customer satisfaction.

On Feb 10th we will be offering a set of cattle that we hope garner your respect. They are real cattle; they are not pampered and have been raised through a drought. They are a testament to our females that they indeed are able to go out to work and raise a calf in tough conditions. Our breeding goals have been at the core of this operation for a couple of decades and are pretty simple. Make the cows so they can do it on their own, are sound, consistently raise a quality calf, and do it efficiently. The bulls hopefully strike you as the kind that are going to cover cows well, add some middle and muscle shape, improve foot quality in your replacements and add some pounds to the calves. If you can evaluate them in person, we absolutely encourage you to do so as we believe the quality of the animals as well as the foot structure across the entire offering is excellent. If you are unable to get here, do not hesitate to call. We will be as honest and forthright in sharing our evaluation of each animal as we would be if we were buying for ourselves. We offer a sight unseen guarantee should you work with one of us to help select an animal for your operation's needs. Thank you for your interest in our program and please let us know how we can be of assistance in being a trusted source of genetics for your herd.

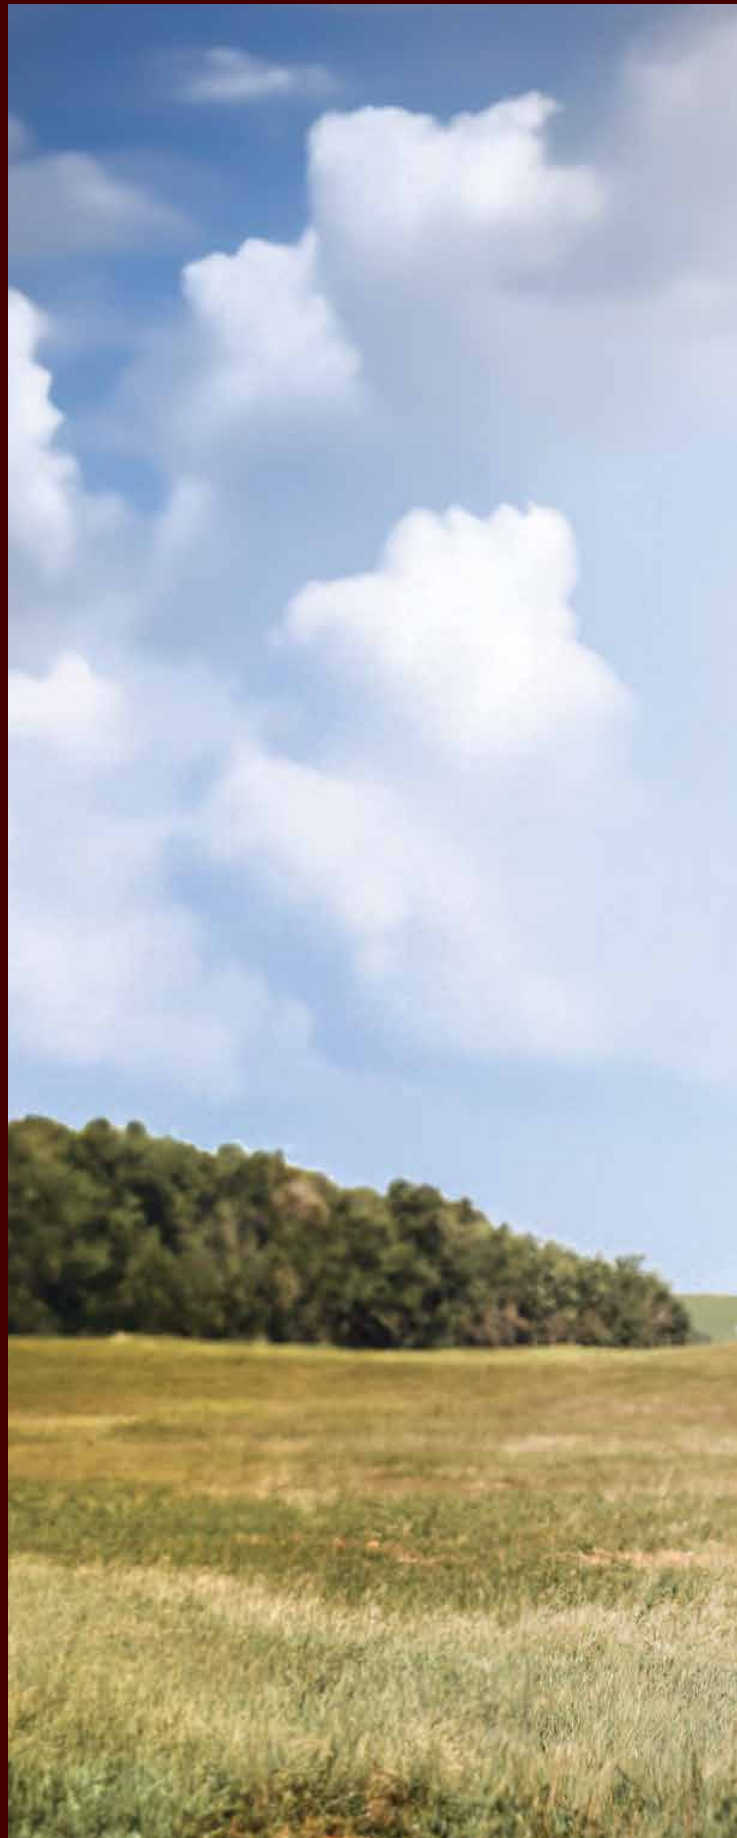

We also welcome Brent and Tyler Fisher again this year with an excellent set of yearling Charolais bulls that are extremely high quality and the type of cattle that don't need to be overloaded with condition to look the part of a herd bull. We selected our keystone Charolais females from their herd, and are pleased to have them join us at the sale.

## CALVING EASE

We have spent a lot of years selecting for calving ease, and selecting for genetics that allow for calving ease without sacrificing performance. Many customers use our bulls on their first calvers. When we started the 'Back to the Basics' Bull Sale we made a system to help you when choosing your next heifer bull. When we grade the bulls, we are fairly conservative. Some of our customers with larger framed cattle successfully 'level up' as they get to know our program. Mick has always said, he won't sell a bull he wouldn't calve out himself. The system is based on the following...

BW in pounds

Consistency of sire's BW

Consistency of dam's BW

Consistency of calving ease of both sire & dam

★ Recommended for cows only

★★ Recommended for cows or larger framed heifers

★★★ Recommended for heifers

Always keep in mind 50% of your calf's BW relates back to his dam.

ALL BULLS ARE FULLY VACCINATED, INCLUDING FUSOGARD FOR FOOTROT PREVENTION.

## VOLUME DISCOUNTS

3 bulls will get you 3%

4 bulls will get you 4%

5 bulls will get you 5%

The discount will only apply to bulls paid for within 30 days of Invoice Sale Day.

## CATTLE REFERRAL PROGRAM

80% of our customers are repeat customers. We believe that there is no higher compliment than a customer referral. If you let us know that you have referred someone to our program, and they make a purchase we will give a 5% referral payment on their first year purchases. Referral names must be provided before the sale. Referral remuneration will be provided early spring after the lots are settled.

## *The* MJT TEAM

They are not staff, they are family. We know there is no way we could do this without them. We have been blessed the past few years with amazing help on both the cattle and crop aspects of our operation. We hosted a number of Students & Work Experience youth this past year, and it has been a great experience for us all. Special thanks to Georgia Turner (Australia), Julie Thomsen (Denmark) and Jordan Rogers (Canada). We also would like to thank all those friends and family that come together each year for both our busy crop seasons as well as the Bull Sale.

## *Cory* ROBINSON

Cory joined our operation this year, and has been a terrific asset each and every day. His two children, Alec & Adrianna, keep him and his wife Kelsey very busy with their competitive hockey and other sports. He takes everything in stride as the days and seasons bring so much change in terms of the skills necessary to keep this place rolling. We could not be happier to have him as part of our team.

## *Matthew, Ryan & Casey* TREFIAK

Matthew has wrapped up his 4 year degree in Animal Sciences at the University of Saskatchewan, and we are thrilled to have him full time on the farm. We are blessed to have 3 generations working together on the farm toward our vision for our herd. His memory for genetics and remembering cattle he has seen leads to many late night talks about breeding decisions. We are excited to see what the next stage of life has in store for him. Ryan, is in Grade 10. He has a passion for all things with an engine, and is quickly becoming his Dad's right hand man in the shop. Casey, at 12, keeps us on our toes. He has a love for all animals, big or small, and a knack for picking out the good ones. His female projects have become some of the ranches top, providing us with a herdsire in the Angus, as well as a donor cow in the Hereford. Together, the boys are a great compliment to each other and our operation.

## SIGHT UNSEEN PURCHASES

If you are unable to attend the sale and wish representation, please call Mick or any of the above sales staff and we will gladly assist you. For the sight unseen purchases we guarantee satisfaction upon delivery.

## DELIVERY

Pick up your bull before March 1, 2024 and receive \$150 off each bull. If you leave your bull at MJT please ensure that your bull is insured. We will deliver the bulls to central points in Western Canada in March. Transport of bulls not taken on scheduled delivery runs will be the buyer's responsibility. For bulls headed to the Eastern provinces the transport cost will be the responsibility of the buyer. We will feed bulls a high roughage ration at no cost until April 1st, 2024. After that date you will be charged at a cost of \$250 per month.

## INTERNATIONAL PURCHASES

For US & Mexico purchases, we will arrange all export testing to be completed and assist in arranging brokerage and trucking to get the cattle to their destination. All bulls sold internationally will be charged an additional \$350/bull to cover export testing fees. Brokerage and delivery service will be at the purchasers expense.

## PAYMENT OPTIONS

MJT's payment plan is 1/2 down on sale day and a post dated cheque for June 1, 2024. Please call Mick or Kurt prior to the sale if you would like to make alternate payment arrangements. Interest will be charged at a rate of 6% per month overdue accounts. The right of property shall not pass until settlement is made in full.

## VIDEO AUCTION

View the catalog and videos of ALL animals online at: [www.mjt.ca](http://www.mjt.ca) • [www.dlms.ca](http://www.dlms.ca) • [cattlevids.ca](http://cattlevids.ca). This will be a video sale with no animals entering the ring. All of the sale cattle will be available for viewing prior to the sale, at the sale location. Real Time Bidding will be available via the internet for our sale. Live audio and video allow you to bid on the animals as if you were present at the sale.

## RIGHT TO SEMEN

MJT reserves the right to collect semen at MJT's expense and the buyer's convenience. Any semen collected will be for MJT Cattle Company's in herd use only, unless specified in the terms of sale of a lot.

## HOOF TRIMMING

No feet have been trimmed on any sale bulls.

## BULL WARRANTY

All bulls are guaranteed breeders. All bulls are semen tested and vet inspected, and under a full herd health program. The Standard Canadian Hereford and Canadian Angus Association guarantee applies, as well as our 100% Customer Satisfaction Guarantee. We do not warranty against injury or illness after the sale, and encourage the use of insurance for that purpose. MJT will have replacement bulls on hand to cover your breeding season should you have any issue with your bull. Under no circumstances shall MJT be responsible for more than the purchase price of the said animal.

## PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as sold. In an effort to protect the buyer's interests, we strongly recommend insuring the bulls. There are many insurance options available, including a 6 month plan to get them through their first breeding season.

## ANNOUNCEMENTS

From the auction block take precedence over what is printed in the catalog.

## LIABILITY

The owners, their employees, sales staff, and representatives accept no responsibility for accidents or illnesses that may occur. Persons who attend do so at their own risk.

With the addition of the Charolais into the MJT herd, we needed herd sires to service the new additions. Mick found Hurricane at the well-known Elders herd and figured he'd be a great breeding piece. His sound structural make up, exceptional shape, and strong maternal bloodlines have us excited about his progenies futures here at MJT.

Tri-Max is a larger-framed bull we were fortunate enough to purchase from the 2021 Sparrow Bull Sale. We were really impressed with the females that Cam and his family were raising, and when Mick found out that his favourite female had a son in the sale he had to take a look at him. Tri-Max has exceptional width to him and heavy muscle pattern and heaps of performance. Needless to say, Mick brought this big man home, and we are all sure glad he did.

Hefner was the high selling bull at the 2021 Springside Bull sale. We ended up with progeny to this hot sire when purchasing a select group of females from the Springside dispersal. He's royally bred maternal with the length and width to break the scale.

**LOT 1** CALVING EASE: ★★

100K | HOMO POLLED | PARENT VERIFIED

This bull is out of another great female we managed to acquire from the Springside Dispersal. Straight Springside bred, this heifer bull is as maternal as they come, calving ease certified, and stylish to boot. If you like them smoother made but still thick over their top with a little extra muscle shape throughout, this is a good option to check out.

**LOT 3** CALVING EASE: ★★★  
**MJT 16H DEL REY 3K**

 DAM: **PVF ANNABELLE 16H** STEPLER JENSON 233F  
 PVF SOMETHING NEW 709E

100K | HOMO POLLED | PARENT VERIFIED

We picked Del Rey as a calving ease option for our first batch of heifers we bought from Fischers. The Jenson-sired dam did an exceptional job raising this big bodied, big-ribbed, heavy muscled bull as her first calf. Calving ease, and performance in one package. Plus, if EPDs are your thing this guy is crushing the number game so be sure to look him up.

**LOT 6** CALVING EASE: ★★★  
**MJT 66H DEL REY 6K**

100K | HETERO POLLED SCURRED | PARENT VERIFIED

Another moderate option out of the Trimax group, low birthweight with the stoutness and thickness throughout his top we've always been fond of regardless of breed, it's impressive how well this first calvers son puts the package together. Good footed and hairy with lots of red meat, the bases are covered.

If you like low birthweight bulls that know how to grow and show up at weaning and as yearlings, this ones for you. Big hiped, soft made, and thick all the way through, he just screams easy keeper. If you know us, numbers aren't a focus but when a bull is in the top 15% for birth weight, top 1% weaning, and the top 10% for yearling weight on nothing but moms' milk, they're worth mentioning.

This bull is a really stylish, soft made bull that you get drawn to in the pen. Ample muscle shape, big hip, and long bodied, with a solid cow that produces above her weight class.

Fischer Charolais is pleased to be back for its second year in the Back to the Basics Bull Sale. We would like to thank last years buyers for their support. Kevin Mackay, Steven and Garrett Raasok and Silver Shadow Charolais. Our farm is located just east of Irma, and Tyler's family has just recently added the sixth Fischer generation to the Irma community. We are an average size grain farm, and a cow/calf backgrounding operation, along with a small herd of Purebred cows.

In the fall of 2021 we purchased a bred heifer from Wilgenbusch Charolais that had the genetics that we wanted to add to our herd. We began to flush her in the spring of 2022 and we are pleased to be able to sell 3 of her sons in this years sale. She is a Carbon Copy daughter and has the Downtown 7C bull on the Dam side. The first crop of calves off her all have great thickness and length that we are happy to be adding to our herd.

We have just recently added another Sire for our herd this fall BAR SK STRIKE OUT 310L from Eaton Livestock out of Lloydminster. Sired by M&M Outsider and the Starstruck cow family we are excited to see what he will do within our program and years to come as we look to continue to improve the quality of cattle throughout our herd.

Our bulls In this sale will be scrotal measured and have a current weight available near sale time. They are guaranteed to pass their semen test by April 1, or the buyer will be refunded their deposit or select a replacement bull of their choice. We will keep the bulls on feed until April 15 at no cost to the buyer and will provide delivery.

PARENT VERIFIED

This bull is thick topped, big hipped and big boned. This dam knows how to raise them, as the flushmate to our MJT Impressive 813F herdsire, this bloodline is maternally bred and knows how to perform. The hair, middle, and foot on this bull, as well as the fact that these females are going to be guaranteed knockouts with some performance make this guy one to have on the list.

DAM OF MJT 613K

# BLACK ANGUS BULLS

PARENT VERIFIED

This bull is one that's truly hard to miss when you go through the offering, extremely stylish with a load of rib shape and hip, it's hard to imagine how they can be as smooth made and balanced as he is. A real power option, this bull is out of a Charlo daughter that's likely our next donor cow. She's moderate made but weans off one of the best calves every year with a heifer that is top of the replacement pen this year. This one gets us excited.

### PARENT VERIFIED

We bought this bulls dam in partnership with Blairswest Land & Cattle to be our new donor female a few years back. As you can see in the support picture, the daughters out of this female have been second to none. This cows a producer and well made to boot, which she certainly has passed on to all her progeny. Here's a son out of that donor cow, he's sound made, big boned, well balanced, and you can bet he's going to produce.

SIB OF MJT 620K

# BLACK ANGUS BULLS

## PARENT VERIFIED

The moment this bulls dam hit the ground as a calf we knew our Charlo offspring were going to be heavy hitters. She's always been impressive. We've kept two full siblings to this bulls dam for our herd sire battery for a reason, we believe big time in this bloodline and the proof is in the pudding. She's as sweet uddered and correct as they come. Combining her with Classic is sure to make for a maternally based powerhouse. This bull is longer than most but equally as thick as any in the pen. With a great foot and that herd bull look he's one we have a lot of faith in.

This bulls dam was one of the first females we put on offer throw our sale as pick of the flush sisters. We only put females on offer that it breaks our heart to see leave, and this cow goes to show why that ideology is one we've stuck to. This bull is long bodied, soggy, thick, and muscled up without sacrificing on that look that attracts people to the Angus breed. A solid, sound made bull to take the guesswork out of bull selection here.

PARENT VERIFIED

This Canadian bred cow really hit the mark on this match up. A stout, soggy, big boned, poundmaker bull here, 693K has a lot to offer regardless of your breeding objectives. With great foot and leg structure underneath him, as well as muscle pattern that is expressive and carries well into his lower third, this bulls a solid option on offer this year.

This guys heavy on performance, this cow always lays down and rears an exceptional bull calf that's only for those looking for some extra power. With sons doing an exceptional job at McKay Herefords and HMS Hi-Cliffe, there's no doubt about the quality here. There's nothing small about this guy from his foot and bone to his hip, top, and rib. If you're looking to push the scale at home this is your guy.

Iron Will was the high selling Hereford bull to McKay Herefords in Nebraska a few years back and we decided to retain semen for our own use. This guy and his sister go to show why, not only is the female side of the equation covered, but this bull is no slouch either. A cow-oriented power bull through and through, 809K is a bigger framed, long spined bull that's soft made and built on a solid base, there's a reason he's a feature.
